Gentlemen:

We are writing in answer to your recent letter concerning our DX Test.

KDLT did conduct an equipment test from 12:30 to 1:00 A.M. MST on Monday, November 11. The information you sent us checks out with our programming.

We appreciate your interest in our test as an International Radio Club of America member. We have received confirmation from nearly all points of the United States and Canada. At some future time we hope to be able to repeat these tests for those who could not join us on November 11.

Again we thank you for your interest on behalf of KDLT.

Cordially,

Glen S. Gardner
